333.7306 License to be granted unless inconsistent with public interest; factors in determining public interest; scope of licensure; license to dispense, prescribe, or conduct research with controlled substances in schedules 2 to 5; registration under federal law to conduct research with schedule 1 substances; effect of compliance with federal law as to registration; limitation on licensure.

Sec. 7306. (1) The administrator shall grant a license to an applicant to manufacture or distribute controlled substances included in sections 7212 to 7220, unless the administrator determines that the issuance of that license would be inconsistent with the public interest. In determining the public interest, the administrator shall consider all of the following factors:

- (a) Maintenance of effective controls against diversion of controlled substances to other than legitimate and professionally recognized therapeutic, scientific, or industrial channels.
- (b) Compliance with applicable state and local law.
- (c) A conviction of the applicant under a federal or state law relating to a controlled substance.
- (d) Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion.
- (e) Furnishing by the applicant of false or fraudulent material in an application filed under this article.
- (f) Suspension or revocation of the applicant's federal registration to manufacture or distribute controlled substances as authorized by federal law.

(g) Any other factor relevant to and consistent with the public health and safety.

(2) Licensure under subsection (1) does not entitle a licensee to manufacture and distribute controlled substances in schedules 1 or 2 other than those specified in the license.

(3) A practitioner shall be licensed to dispense or prescribe any controlled substances or to conduct research with controlled substances in schedules 2 to 5 if the practitioner is authorized to dispense, prescribe, or conduct research under the laws of this state. The administrator need not require separate licensure under this article for a practitioner engaging in research with nonnarcotic controlled substances in schedules 2 to 5 if the licensee is licensed under this article in another capacity. A practitioner registered under federal law to conduct research with schedule 1 substances may conduct research with schedule 1 substances in this state upon furnishing the administrator evidence of that federal registration.

(4) Compliance by a manufacturer or distributor with the provisions of the federal law as to registration, excluding fees, entitles the manufacturer or distributor to be licensed under this article.

(5) Licensure under subsection (1) does not authorize a licensee to dispense, manufacture, distribute, or prescribe a controlled substance if the dispensing, manufacture, distribution, or prescribing is not for legitimate and professionally recognized therapeutic, scientific, or industrial purposes or is not in the scope of practice of a practitioner-licensee.

Sec. 7311. (1) A license under section 7306 to manufacture, distribute, prescribe, or dispense a controlled substance may be denied, suspended, or revoked or a licensee may be fined, reprimanded, ordered to perform community service or make restitution, or placed on probation by the disciplinary subcommittee upon a finding that an applicant for licensure or a licensee is subject to any of the following:

(a) The applicant or licensee has furnished false or fraudulent material information in an application filed under this article.

(b) The applicant's or licensee's federal registration to manufacture, distribute, or dispense controlled substances has been surrendered, suspended, or revoked.

- (c) The applicant or licensee has promoted a controlled substance to the general public.
- (d) The applicant or licensee is not a practitioner, manufacturer, or distributor.
- (e) The applicant or licensee has not maintained effective controls against diversion of controlled substances to other than legitimate and professionally recognized therapeutic, scientific, or industrial uses.
- (f) The applicant or licensee is not in compliance with applicable federal, state, and local laws.
- (g) The applicant or licensee has manufactured, distributed, or dispensed a controlled substance for other than legitimate or professionally recognized therapeutic, scientific, or industrial purposes or outside the scope of practice of the practitioner-licensee or applicant.
- (h) The applicant or licensee has violated or attempted to violate, directly or indirectly, assisted in or abetted the violation of, or conspired to violate this article or rules of the administrator promulgated under this article.

(2) The disciplinary subcommittee may limit a license under subsection (1) to a particular controlled substance.

(3) A license under section 7306 to manufacture, distribute, prescribe, or dispense a controlled substance shall be denied or revoked by the disciplinary subcommittee if the applicant or licensee has been convicted of a felony under a state or federal law relating to a controlled substance.

(4) If the disciplinary subcommittee suspends or revokes a license or if a license is void under subsection (6), all controlled substances owned or possessed by the licensee at the time of suspension or the effective date of the revocation order may be placed under seal or seized at the discretion of the disciplinary subcommittee. The department shall not dispose of controlled substances under seal or seizure until the time for taking an appeal has elapsed or until all appeals have been concluded, unless a court, upon application therefor, orders the sale of perishable controlled substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final or after a license becomes void under subsection (6) because the licensee's license to practice is revoked under article 15 and that revocation order becomes final, the disciplinary subcommittee may order all controlled substances under seal or seizure to be forfeited to this state.

(5) The disciplinary subcommittee shall promptly notify the bureau of all orders suspending or revoking a license and all forfeitures of controlled substances.

(6) A license under section 7306 to manufacture, distribute, prescribe, or dispense a controlled substance is automatically void if the licensee's license to practice is suspended or revoked under article 15.

(7) Subject to subsection (8), if the administrator or the disciplinary subcommittee finds that an applicant or licensee has been convicted of a misdemeanor or a felony under a state or federal law relating to a controlled substance, the applicant or licensee shall not have a direct financial interest in or be employed by a person who is licensed under this article to manufacture, distribute, prescribe, or dispense a controlled substance in a capacity in which the individual has direct access to controlled substances for a period of not less than 3 years after the date of conviction. An individual who violates this subsection is subject to a civil fine of not more than \$25,000.00 in a proceeding in the circuit court.

(8) Subsection (7) applies only to a conviction for a misdemeanor that is directly related to the manufacture, delivery, possession, possession with intent to manufacture or deliver, use, distribution, prescription, or dispensing of a controlled substance. Subsection (7) does not apply to a conviction for a misdemeanor based upon an unintentional error or omission involving a clerical or record-keeping function.

333.7314 Denial, suspension, revocation, or limitation of license; order to show cause; service of order; conduct of proceedings; effect of proceeding on existing license; suspension of license on finding of imminent danger; duration of suspension; applicability of subsection (1).

Sec. 7314. (1) Before the disciplinary subcommittee suspends or revokes or limits a license or denies an application or a renewal of a license, the disciplinary subcommittee shall serve on the applicant or licensee an order to show cause why the application or license should not be denied, limited, revoked, or suspended, or why the renewal should not be denied. The order to show cause shall contain a statement of the basis for the order and shall call upon the applicant or licensee to appear before the disciplinary subcommittee or a

hearings examiner at a time and place not less than 30 days after the date of service of the order. A show cause order for a denial of renewal of a license shall be served not later than 30 days before expiration of the license. The proceedings described in this subsection shall be conducted without regard to any criminal prosecution or other proceeding. A proceeding to deny renewal of a license does not abate the existing license, which remains in effect pending the outcome of the administrative hearing.

(2) Pursuant to procedural guidelines adopted by the department, the department may suspend a license, without an order to show cause, simultaneously with the institution of proceedings under section 7311 or if renewal of licensure is refused, if the department finds that there is an imminent danger to the public health or safety that warrants this action. The suspension shall continue in effect until conclusion of the proceedings, including judicial review, unless sooner withdrawn by a hearings examiner or dissolved by a court of competent jurisdiction.

(3) Subsection (1) does not apply to the suspension or revocation of a license by the administrator pursuant to section 7311(6).

333.7333a Electronic monitoring system.

Sec. 7333a. (1) The department shall establish, by rule, an electronic system for monitoring schedule 2, 3, 4, and 5 controlled substances dispensed in this state by veterinarians, and by pharmacists and dispensing prescribers licensed under part 177 or dispensed to an address in this state by a pharmacy licensed in this state. The rules shall provide an appropriate electronic format for the reporting of data including, but not limited to, patient identifiers, the name of the controlled substance dispensed, date of dispensing, quantity dispensed, prescriber, and dispenser. The department shall require a veterinarian, pharmacist, or dispensing prescriber to utilize the electronic data transmittal process developed by the department or the department's contractor. A veterinarian, pharmacist, or dispensing prescriber shall not be required to pay a new fee dedicated to the operation of the electronic monitoring system and shall not incur any additional costs solely related to the transmission of data to the department. The rules promulgated under this subsection shall exempt both of the following circumstances from the reporting requirements:

(a) The administration of a controlled substance directly to a patient.

(b) The dispensing from a health facility or agency licensed under article 17 of a controlled substance by a dispensing prescriber in a quantity adequate to treat a patient for not more than 48 hours.

(2) Notwithstanding any practitioner-patient privilege, the director of the department may provide data obtained under this section to all of the following:

(a) A designated representative of a board responsible for the licensure, regulation, or discipline of a practitioner, pharmacist, or other person who is authorized to prescribe, administer, or dispense controlled substances.

(b) An employee or agent of the department.

(c) A state, federal, or municipal employee or agent whose duty is to enforce the laws of this state or the United States relating to drugs.

(d) A state-operated medicaid program.

(e) A state, federal, or municipal employee who is the holder of a search warrant or subpoena properly issued for the records.

(f) A practitioner or pharmacist who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide current patient.

(g) An individual with whom the department has contracted under subsection (8).

(h) A practitioner or other person who is authorized to prescribe controlled substances for the purpose of determining if prescriptions written by that practitioner or other person have been dispensed.

(3) Except as otherwise provided in this part, information submitted under this section shall be used only for bona fide drug-related criminal investigatory or evidentiary purposes or for the investigatory or evidentiary purposes in connection with the functions of a disciplinary subcommittee or 1 or more of the licensing or registration boards created in article 15.

(4) A person who receives data or any report under subsection (2) containing any patient identifiers of the system from the department shall not provide it to any other person or entity except by order of a court of competent jurisdiction.

(5) Except as otherwise provided in this subsection, reporting under subsection (1) is mandatory for a veterinarian, pharmacist, and dispensing prescriber. However, the department may issue a written waiver of the electronic reporting requirement to a veterinarian, pharmacist, or dispensing prescriber who establishes grounds that he or she is unable to use the electronic monitoring system. The department shall require the applicant for the waiver to report the required information in a manner approved by the department.

(6) In addition to the information required to be reported annually under section 7112(3), the controlled substances advisory commission shall include in the report information on the implementation and effectiveness of the electronic monitoring system.

(7) The department, in consultation with the controlled substances advisory commission, the Michigan board of pharmacy, the Michigan board of medicine, the Michigan board of osteopathic medicine and surgery, the Michigan state police, and appropriate medical professional associations, shall examine the need for and may promulgate rules for the production of a prescription form on paper that minimizes the potential for forgery. The rules shall not include any requirement that sequential numbers, bar codes, or symbols be affixed, printed, or written on a prescription form or that the prescription form be a state produced prescription form. In examining the need for rules for the production of a prescription form on paper that minimizes the potential for forgery, the department shall consider and identify the following:

(a) Cost, benefits, and barriers.

(b) Overall cost-benefit analysis.

(c) Compatibility with the electronic monitoring system required under this section.

(8) The department may enter into 1 or more contractual agreements for the administration of this section.

(9) The department, all law enforcement officers, all officers of the court, and all regulatory agencies and officers, in using the data for investigative or prosecution purposes, shall consider the nature of the prescriber's and dispenser's practice and the condition for which the patient is being treated.

(10) The data and any report containing any patient identifiers obtained therefrom is not a public record, and is not subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(11) As used in this section, "department" means the department of community health.

Constitutionality: A mandatory sentence of life without parole does not violate the prohibition against cruel and unusual punishments of the Eighth Amendment to the United States Constitution, because the Eighth Amendment contains no proportionality guarantee. Neither does the Eighth Amendment prohibit the imposition of mandatory sentences -- "severe, mandatory penalties may be cruel, but they are not unusual in the constitutional sense ..." -- nor does it require consideration of individualized, mitigating circumstances beyond those cases in which a capital sentence is imposed. Harmelin v Michigan, 501 US 957; 111 S Ct 2680; 115 L Ed2d 836 (1991).

In People v Bullock, 440 Mich 15; 485 NW2d 866 (1992), the Michigan Supreme Court held that the Michigan Constitution prohibits cruel or unusual punishment while the Eighth Amendment to the US Constitution bars only punishment that is both cruel and unusual. Basing its decision on the textual difference, the Michigan Supreme Court held that the statutory penalty of mandatory life in prison without parole for possession of 650 grams or more of any mixture containing cocaine is so grossly disproportionate as to be cruel or unusual, the result being that those portions of the statutes denying parole consideration are struck down.

(1) As part of the sentence or juvenile disposition for an attempt to violate, a conspiracy to violate, or a violation of this part or section 17766a or of a local ordinance that prohibits conduct prohibited under this part or section 17766a, the court shall consider all prior convictions currently entered upon the criminal history record and Michigan driving record of the person, except those convictions which, upon motion of the defendant, are determined by the court to be constitutionally invalid, and, subject to subsection (11), shall impose the following licensing sanctions in addition to any other penalty or sanction imposed for the violation:

(a) If the court finds that the person does not have a prior conviction within 7 years of the violation, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for 6 months. If the court finds compelling circumstances under subsection (8) sufficient to warrant the issuance of a restricted license, the court may order the secretary of state to issue to the person a restricted license during all or a specified portion of the period of suspension, except that a restricted license shall not be issued during the first 30 days of the period of suspension.

(b) If the court finds that the person has 1 or more prior convictions within 7 years of the violation, the court shall order the secretary of state to suspend the operator's or chauffeur's license of the person for 1 year. Sec. 7523. (1) If property is seized pursuant to section 7522, forfeiture proceedings shall be instituted promptly. If the property is seized without process as provided under section 7522, and the total value of the property seized does not exceed \$50,000.00, the following procedure shall be used:

(a) The local unit of government that seized the property or, if the property was seized by the state, the state shall notify the owner of the property that the property has been seized, and that the local unit of government or, if applicable, the state intends to forfeit and dispose of the property by delivering a written notice to the owner of the property or by sending the notice to the owner by certified mail. If the name and address of the owner are not reasonably ascertainable, or delivery of the notice cannot be reasonably accomplished, the notice shall be published in a newspaper of general circulation in the county in which the property was seized, for 10 successive publishing days.

(b) Unless all criminal proceedings involving or relating to the property have been completed, the seizing agency shall immediately notify the prosecuting attorney for the county in which the property was seized or, if the attorney general is actively handling a case involving or relating to the property, the attorney general of the seizure of the property and the intention to forfeit and dispose of the property.

(c) Any person claiming an interest in property that is the subject of a notice under subdivision (a) may, within 20 days after receipt of the notice or of the date of the first publication of the notice, file a written claim signed by the claimant with the local unit of government or the state expressing his or her interest in the property. Upon the filing of the claim and the giving of a bond to the local unit of government or the state in the amount of 10% of the value of the claimed property, but not less than \$250.00 or greater than \$5,000.00, with sureties approved by the local unit of government or the state containing the condition that if the

property is ordered forfeited by the court the obligor shall pay all costs and expenses of the forfeiture proceedings. The local unit of government or, if applicable, the state shall transmit the claim and bond with a list and description of the property seized to the attorney general, the prosecuting attorney for the county, or the city or township attorney for the local unit of government in which the seizure was made. The attorney general, the prosecuting attorney, or the city or township attorney shall promptly institute forfeiture proceedings after the expiration of the 20-day period. However, unless all criminal proceedings involving or relating to the property have been completed, a city or township attorney shall not institute forfeiture proceedings without the consent of the prosecuting attorney or, if the attorney general is actively handling a case involving or relating to the property, the attorney general.

(d) If no claim is filed or bond given within the 20-day period as described in subdivision (c), the local unit of government or the state shall declare the property forfeited and shall dispose of the property as provided under section 7524. However, unless all criminal proceedings involving or relating to the property have been completed, the local unit of government or the state shall not dispose of the property under this subdivision without the written consent of the prosecuting attorney or, if the attorney general is actively handling a case involving or relating to the property, the attorney general.

(2) Property taken or detained under this article shall not be subject to an action to recover personal property, but is deemed to be in the custody of the seizing agency subject only to this section or an order and judgment of the court having jurisdiction over the forfeiture proceedings. (a) Place the property under seal.

(b) Remove the property to a place designated by the court.

(c) Require the administrator to take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(3) Title to real property forfeited under this article shall be determined by a court of competent jurisdiction. A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party who neither had knowledge of nor consented to the act or omission.

(4) An attorney for a person who is charged with a crime involving or related to the money seized under this article shall be afforded a period of 60 days within which to examine that money. This 60-day period shall begin to run after notice is given under subsection (1)(a) but before the money is deposited into a financial institution under subsection (2)(d). If the attorney general, prosecuting attorney, or city or township attorney fails to sustain his or her burden of proof in forfeiture proceedings under this article, the court shall order the return of the money, including any interest earned on money deposited into a financial institution under subsection (2)(d).
